Membership Drive

We will be supporting a membership drive contest for the students. The drive will begin on January 16th and run through January 31st. We will be charting the student's progress on a chart that will be located in the lobby of the school office. The winning class of the contest will be rewarded with a Pizza Party provided by the PTSA.

The Best Resource for Parents—THE PTSA

As the largest volunteer child advocacy association in the nation, National Parent Teacher Association (PTA) reminds our country of its obligations to children and provides parents and families with a powerful voice to speak on behalf of every child while providing the best tools for parents to help their children be successful students.

At the School of Engineering and Sciences we also believe that parent support is a crucial part of the students educational and learning experience. Both in the home and at school the parents play a critical role in the success of our students.

You can help your child succeed by providing a home that encourages learning and supports your child's physical, mental, and emotional development.

Donations

We would like to ask for donations to help in starting off the year so that we have supplies for the various fundraising events we hope to have this year. The supplies we see as being needed are:

Plastic cups
Plastic flatware
Paper plates
Napkins
Tablecloth
Banner
