New Track Plans Unveiled

Thank you Stafford King Wiese Architects for the wonderful drawings

The Reality... Current Track at McClatchy HS

**These pictures were taken
on the SAME DAY:**

**The McClatchy Track
& Field program is
asking for your support
to help us build a new
all-weather track
facility at the school.**

**We have already raised
nearly \$75,000 through
fund-raisers and other
donations from the**

**community. But the project will cost more than \$400,000 to
complete and we cannot do it alone.**

We need your support!

Why the need for a new track:

FLOODING/POOR DRAINAGE: The current track remains flooded for weeks at a time. As a result of the residual water from the storms, the track remains slick and muddy which increases the risk of athlete injury.

UNEVEN SURFACING: The current facility is inadequate for training purposes, increasing risk of athlete injury and making it impossible for the school's teams to compete at a competitive level with other schools in their league.

UNUSABLE FIELD: The facilities do not allow the Track and Field team to participate in such areas as pole vaulting and high jump because the practice areas do not have adequate pits and the athletes must unnecessarily risk injury.

ACADEMIC DISRUPTION: The facility cannot support hosting meets and thus the team must travel to all meets, disrupting students' academic schedules, as they must leave early from school.

INABILITY TO FUND-RAISE: Without the ability to host meets, the school cannot raise much needed revenue for the Athletic Department.

COMPLIANT CURRICULUM STANDARDS: The school's physical education program is also restricted because there is not a serviceable area for use by classes during the day.

SCHOOL BEAUTIFICATION: The current track facility is an eyesore on the school's campus, surrounded by dirt and green waste piles and infested with mosquitoes and other pests.

How to support the Project:

SPREAD THE WORD: Forward this Web Link to friends, Land Park neighbors, and community leaders and encourage them to support the project.

MAKE A DONATION: Donate money to the McClatchy Track-A-Thon;K. Even if you are not a McClatchy student or graduate, the All-Weather Track Facility will be open to the entire community!

CHALLENGE OTHERS TO DONATE: Forward this Web Link to McClatchy Alumni;K. We are challenging each graduating class (1937-1997) to come together and collectively raise a goal amount of \$5,000. Even if 25 people from each class donated \$100 each and all 60 years donated we could collectively raise \$150,000!

Contact businesses and other community leaders who may be willing to support the project financially.

PROVIDE IN-KIND SERVICES FOR DONATIONS: Contact friends or family who have expertise in such areas as architecture, heavy construction, engineering, drainage, electrical, or concrete work.

Contact Information:

Head Coach Grant Carboni can be reached by phone at 916-455-0755 or E-Mail at [Coach Carboni](#)

If you would like to receive a color brochure by mail, please send your contact information to Coach Carboni via phone or E-mail [Coach Carboni](#)

All donations are tax deductible.

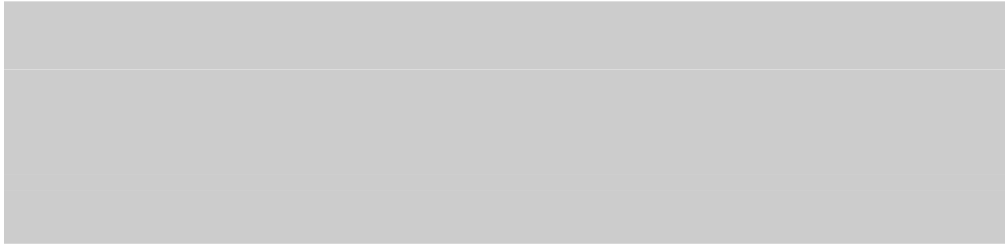

Tax ID #: 74-3118374

If you would like to make a donation,
please mail your check payable to:

McClatchy Track-A-Thon
